

# NEW \* 20 MUSIC 23 \* FEST

IN AID OF

## A very warm welcome to the 9th New Music Fest

This year's festival runs on four fundamental principles:

1. Provide a platform for original live music.
2. Give people a good day out without ripping them off.
3. Keep everyone safe and happy.
4. Raise money for Renewed Hope to support local homeless people.

Everything you are about to experience is built on those principles. To help us in our endeavours, we ask that you observe a few simple rules:-

- Enjoy yourself
- Pitch tents where requested, observe the 'teenage' and 'family' camping areas and show consideration to others, especially children.
- Stay off the pitches.
- Take note of the fire points.
- Fires, including disposable bbqs, are not permitted.
- Under 18s are the sole responsibility of their parents or guardians.
- If you need help of any kind, please go to the middle of the arena.
- Please share your good times using #newmusicnights
